west virginia

UCC File Information:

The UCC bulk data consist of 3 separate files. The first line of each file will contain the field names. The tilde symbol is used as the data delimiter. The following tables identify the file name of each of the 3 data files, the field names, field order and data type of each field. The 3 UCC Bulk Data files will be compressed into one file for downloading by Monthly Account Holders.

Collateral.csv: This file contains a listing of all UCC collaterals on file with the Secretary of State.

	Field Name	Data Type	Length	Format	Example
1	UCC_ID	Integer	20	None	
2	Category	Text	20	None	
3	Description	Text	50	None	

Debtors.csv: This file contains a listing of all UCC debtors on file with the Secretary of State.
